ALL THE DOO DAH DAY

Where Joy and Learning Meet

Developed by Lynda Slavinskis, **Masters qualified early childhood teacher**, accomplished musician and highly experienced speaker, mentor and facilitator, All The Doo Dah Day programs have been delivered since 2012 to rave reviews. Grounded in **cutting edge neuroscientific research** into children's learning and development and progressive early childhood theory and pedagogy, All The Doo Dah Day is **no ordinary music and movement program**.

Research shows that **music makes the brain more receptive to learning** and we are all about **learning THROUGH music**.

Our program satisfies every outcome of the **Victorian Early Years Learning and Development Framework**.

Building confidence, creativity and language skills are amongst our goals but **JOY is our ultimate aim**...think children singing in different languages, dancing with delight, then blowing Lynda a million kisses and catching another million to put in their pockets, after only knowing her for a day!

Unlike standard franchised music programs, our pedagogy is emergent, relational and co-constructive. We are unique in:

- Our extensive experience teaching thousands of children of different **ages, abilities and backgrounds**;
- Our **cultural responsiveness, inclusivity, high energy, contemporary song choices**, and a deep respect for children's **agency** and voice;
- Our use of **co-choreography** with children, backed by Lynda's Masters' research;
- Our special ability to **involve families** and connect them to their children's learning;
- Our **collaboration with educators** to develop a truly **emergent** music curriculum to complement and enhance existing programs.

A MESSAGE FROM LYNDA ✨

*Our wish is for children to know and love who they are
and not be afraid to show it*

Hello lovelies! People call me the “Tay Tay of Preschoolers” as I have a very special way with children. Over a decade ago I made a transformation from a high-level lawyer trapped on the treadmill of achievement to a joy-focussed educator.

In 2012, I taught a music program at my son’s kindergarten. Six months later, I was at the lights on crutches after a knee reconstruction and a little girl made her mum stop her SUV before hurtling down the street calling “LYNDAAAAAAA!” to give me a painting she had kept “just in case she saw me”. Her mum said she hadn’t stopped talking about me since the program and that I must make this my life!

So I went back to uni to get my Masters in Early Childhood Education, sold my law firm, rediscovered my authentic self and returned to my twin passions of teaching children and music through All The Doo Dah Day.

I teach how I wish I had been taught, shaped by the trauma I have overcome and I am now sharing my unique philosophy and pedagogy Sparkology with others. Welcome to The Doo Dah Way! I can’t wait to work with you!

Love and Sparkles Always, Lynda xo
